GRAMMAR

English Grammar is the foundation of the English language and perhaps the most challenging to learn and teach.

The hope always is that the young minds we care for will happily learn and master English Grammar on their own and enjoy practising fluent English Grammar in their reading, writing and speaking every day.

Having young minds do so willingly and enthusiastically is quite a challenge even for the best of parents and teachers.

MET App makes learning English Grammar fun and engaging for young minds to learn and practise daily, addressing the concerns of many parents and teachers.

MET App empowers your child with over 100 preschool lessons and 250 English Grammar lessons in both British and American English i.e. a total of 700 lessons.

MET App engages the best in them with 5000+ quizzes and brings out their natural competitive spirit with a global leader board of scores.

It further encourages the practice of English Grammar mastery with daily, weekly and monthly challenges.

These and more makes learning and mastering English Grammar seamlessly and rapidly possible for everyone, anytime and anywhere.

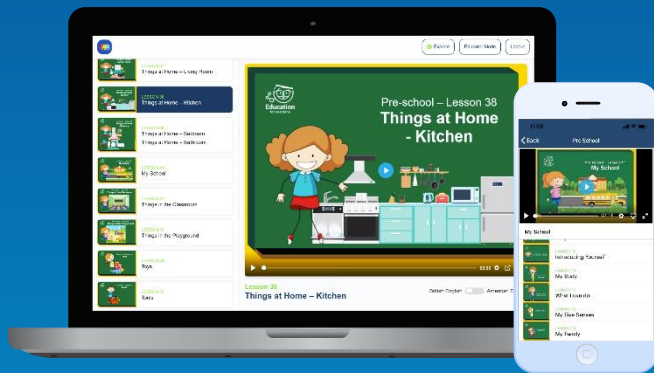

For less than a cup of tea or coffee a day, the young mind you love and care so much for can now painlessly master English Grammar. Download MET App for free today and view the free lessons within.
